SEPTEMBER 2022

## WHAT HAS CHANGED?

Baptists are not known for our fondness of change, yet someone once said, *“the only thing that stays the same is that everything changes.”* Like it or not, change is inevitable; some of it good, some bad, and the rest indifferent. 2022 has been a year of many changes for my family and ministry. The loss of my father, a move back to Texas, and in August I branched out from Macedonian Missionary Service where I began the technology ministry called MacTech in 2016 and launched the new ABATech ministry ([www.abatech.org](http://www.abatech.org)) with a new sponsor church. Actually, White Rock MBC of Center, Texas, the original sponsor for MacTech, is the new sponsor for ABATech. If you are a supporter of this ministry, you will need to begin sending your support to the address at the top of this page. Although I resigned as pastor of Hyde Park earlier this year, I had the privilege of returning for a visit during their Faith Promise Missions Conference in September. What a joy it was to be back with the wonderful people of HPBC and to visit with missionaries Eddie Williams (Kenya), George and Marjorie Dever (Maine), Jonathan Morgan (Romania), and Brant and Michelle Lane (Macedonian MS).

## WHAT HAS HAPPENED?

- **Web** - I am in the beginning stages of developing a new website for White Rock MBC, as well as websites for some other churches that have contacted me. All of the websites I was hosting when I was with MacTech, I am still hosting under ABATech. This hosting is still free to ABA churches and ministries.
- **A/V** – In September I completed the install for a computer system to be used for streaming services at Central MBC in Pineville, Louisiana. The first system I put in had an issue with the audio so I went back with a replacement and everything is now working beautifully. A new digital mixer, stage box, and camera system should be delivered in Oct/Nov for College Station MBC in College Station, Texas for Phase 1 of a multi-phase project there.
- **Graphic Design** - Tiffany Fredrickson who has helped me with logo/graphic design since the early days of MacTech designed this new logo for White Rock MBC, as well as the ABATech logo at the top of the page. Thank you, Tiffany! We are also working together to develop a fresh new look to the Missionary Baptist News – the monthly newspaper from the LMBIS seminary in Minden, Louisiana.

## Recent/Upcoming Services & Projects

Sept. 23-25  
**Faith Promise Missions Revival**

Hyde Park Baptist Church  
West Monroe, LA

Sept. 26  
**Computer Install**  
Central MBC  
Pineville, LA

TBD (pending equipment delivery due in Oct/Nov)  
**Phase 1 - Sound System / Camera System Install**  
College Station MBC  
College Station, TX

God continues to bless with opportunities to serve. Please pray for us as we continue to accept those opportunities, and may God bless you, your church, and your family.
