LARGEST PROJECT TO DATE IN THE BOOKS

Over the Fourth of July holiday, I drove to Zion Baptist Church in Winfield, Alabama, pulling the new ABATech 6x12 cargo trailer filled with tools and equipment for the largest ABATech project to date. With the help of pastor Steve Merritt and his team of volunteers, the project was a success.

Zion MBC is older than the state of Alabama! In this historic church, we replaced antiquated sound equipment with a new digital sound board, digital snake, new powered speakers, and wireless microphones. We rewired the three TVs in the sanctuary using new fiber HDMI rather than the old HDMI extender technology. We added a live stream camera and a new Dell laptop for streaming and running the Media Shout software. Finally, we added a TV in the nursery using a Birdog Play device, and ran wires to add two new TVs in the fellowship hall at a later date. Along with all of this, we were able to remove a lot of old wiring and create a much cleaner, finished look for their sound system. Thank you to Steve and Laurel Merritt for the hospitality.

A STOP AT PROMISE LAND

On my way to Alabama, I was able to stop at Promise Land MBC in Hamburg, Arkansas, and sit in on the guitar for a concert with my pal Mark Bishop. Mark and I have been friends since 1995, and I have done his website from the start of his solo career in 2002, and also did the website for The Bishops when Mark sang with his family. In fact, that was my first website, and had it not been for The Bishops, there would be no ABATech ministry today!

Back to the concert at Hamburg - while the concert was great, and so was reconnecting with their pastor, his family, and other members there, the highlight was when one came forward during the invitation and Bro. Josh Luellen announced there was a new name written down in Glory!

A NEW PASTORATE & SPONSOR

In closing, I am so excited to announce that I am the new pastor at Center MBC of Center, Texas! Amanda, the kids, and I, have never been happier! Center MBC has not been part of the ABA in many years but desires to reunite and fellowship, and has already shown that by over 30 members attending revival at White Rock MBC, and by having Bro. Danny Mendoza, Sec/Treas MBA of Texas, come and present the work on a Sunday morning. We've had one family join by letter, and one saved and baptized. Center MBC is also the new sponsor for ABATech. Please note the address change for support.
